

## *Auto Flow Packing Machine for Group Package SGM-590/120*

Suitable for group packaging of the products of several blocks such as sausage, fresh noodles, ice pops, several blocks of instant noodle, several bags of milk, rice vermicelli, fresh noodle, biscuits, bread sticks, etc.

### **Characteristics:**

1. One servo motors with higher control precision realize step-less control and dynamic adjusting during operation.
2. Large colored touch screen store, pick up, automatically adjust, track, find cutting point, alarm, indicate barriers, accumulatively count packs, bag length and speed automatic display, which can realize precise cut and seal.
3. With photo-cell detecting the color mark and dual-tracking system, this machine can effectively eliminate any packing error and avoid materials waste.
4. New type vertical sealing design makes the seal at low temperature, which effectively reduces the film burning and packing wastes.
5. Adjustable bag former and pitches enable the change of packing products more conveniently.
6. With timing belt transmission, this machine has appearance, lower noise and less shake.
7. Bottom film sending is suitable for assembly packaging of several blocks.

**Technical Parameters:**

<b>Model</b>	<b>SGM-590/120</b>
Film Width(mm)	<560
Package Size	L:120-400 B:30-200 H:20-60
Packing Speed	20-50( Bag/min )
Dimension (mm)	5000×1240×1750
Film Material	Laminated Film of heat seal :OPP/PE,PT/PE,AL/PE, etc
Weight(kg)	1,2
Motor Power	1.75KW
Heating Power	2.75KW
Main Power	Single phase 220V,50HZ
Total Power	4.5KW
