

## *Horizontal Sachet Packing Machine*

Horizontal sachet packing machine suitable for various of heat sealing complex film. It can automatically finish forming, pouch making, filling and sealing processes. It is the best packaging solution for small sachet fast packaging.

### **RS-180 Horizontal Sachet Packing Machine Process:**

1. Film unwinding
2. Pouch Forming
3. Film Guide
4. Photocell
5. Bottom Seal
6. Vertical Seal I
7. Tear Notch
8. Cutting
9. Pouch Pulling
10. Pouch Opening
11. Filling
12. Top Seal
13. Finished Product
14. Outlet

**Technical Parameter:**

Pouch Width	60-180mm
Pouch Length	70-220mm
Max Volume	400ml
Speed	60-80 pouch/min.
Accuracy	<±1%
Reel	500mm
Electricity Consumption	4.5KW
Power supply	3phase 380V 50HZ
Air Consumption	0.3m <sup>3</sup> /min
Weight	1400KG
Size (L×W×H)	3550mm×970mm×1450mm
Sealing Type	3 side or 4 side
