

## Vacuum Packaging Machine LD-series

Suitable for Products that require vacuum packaging and are difficult to measure: Sprouts, Tea Leaves, Fresh Fruit/Vegetable, Dumpling, Drugs, Commodity, Daily Use, Food, Small Hardwares Etc.

### Kindly Reminder:

We have experienced team of R & D engineers who can customize packaging solutions according to your product characteristics.

### Description:

- Feeding, Measuring, Bagging, Date printing, Charging (Exhausting) realising fully automation.
- High precision, high efficiency without crash the materials.
- Product diversification packaging.
- Equipped with Imported Vacuum Pump to Realize Perfect Vacuum Packaging

### Parameter:

Model	LD-720	LD-900	LD-1050	LD-1200
Film Thickness	0.04-0.12mm	0.04-0.12mm	0.04-0.12mm	0.04-0.12mm
Bag Length	100-500mm	100-600mm	100-800mm	100-1000mm
Bag Width	180-350mm	260-430mm	290-505mm	290-580mm
Film Roll Diameter	Max.320mm	400mm	400mm	400mm
Pakaging Rate	5-55bag/min	5-20bag/min	5-20bag/min	5-20bag/min
Film Width	150-Max.720mm	Max.900mm	Max.900mm	Max.1200mm
Measurement Range	4000ml	1-25L	1-25L	1.5L-45L
