

Aluminum Foil Sealing Machine YKF-900B

Auto Aluminium Foil Sealing Machine is specially designed for the bottle or jars heating sealing, to improve the shelf life of the products. Auto Aluminium Foil Sealing Machine with small size, easy to operate and maintain.

Auto Aluminium Foil Sealing Machine is widely used in meat, fish, seafood, fruit and vegetables, cooked food, fast food, pastries, and etc areas.

Technical Data:

Model	YKF-900B
Capacity	30-60 Bottles/Min
Accuracy	< +1.5mm
Power Supply	Single Phase 220V 50Hz/110V 60Hz
Air Supply	0.6-0.8MPa
Sealing Temperature	0-300 °C
Power	2.5 KW
Machine Weight	350kg
