

Paste Packing Machine JY-100/300/500

Automatic chili sauce tomato paste packing machine small pouch honey packing machine with stirring function

Application

The chili sauce tomato paste packing machine is suit for automatic filling and packing liquid/paste/sauce/cream item, such as milk, honey, hair shampoo, tomato paste, salad dressing, jam ect. The machine adopt the pneumatic pump dosing unit which have the machine advantage of suit for viscous liquid item with high efficient and reliable performance. The most important is the machine equip with small horizontal ribbon blender mixing machine, this will make the machine much suit for seasoning paste/sauce, such as chili paste, for the mixing machine will have the paste evenly packaged with less deposited.

Features:

1. Fully automatic packaging effect, using white paint appearance Neat and clear the high-end, suitable for plant, shop, outdoor, etc.
2. Packing machinery could use with kinds of filling machine to meet customer's request.
3. Can be combined with a variety of packaging machine connection work. While the machine for two combined into fully automatic packaging machine, the above the little table packer can also take off packing weighing other goods, also can use below that, which is the biggest advantage of this combination, can also as a fully automatic, can also be as semi-automatic.
4. Speed of a pack of about 3 seconds, depending on the different items, the high quality product.

Parameter:

- Model: JY-100, JY-300, JY-500
- Capacity: 30-50 bag/min, 30-50 bag/min, 10-40 bag/min
- Packing volume: 10-100ml, 30 -300ml, 50-500ml
- Packing type: Three side sealing, Back sealing, Four side sealing
- Hopper volume: 30L
- Bag width: 3-12 CM
- Bag height: 0-16 CM
- Machine dimension: 540*1170*1530mm
- Machine weight: 95kg
- Voltage: 110V/220V
- Power: 370W
- Date Printing: Machines can be equipped with date printer
