

SPJ-5 automatic bottle unscrambler

SPJ-5 Automatic Bottle Unscrambler is suitable to round, flat and oval size bottles in the field of pharmaceutical, pesticide, chemical. It is able to orient the bottle stand upright onto conveyor, save labor and high productivity. The equipment has beautiful performance, advanced design, novel structure. Stably running, low noise, easy operation and cleaning. The equipment consists of unscrambler and cap lifting feeder. Constructed of 304 stainless steel and shrouded aluminum components. Includes change parts (PVC Sorter Disc Plate) for one size container. Variable speed drives, high effective of bottle orienting, easy adjustable for various bottle size. Photoelectric controls for automatic operation and auto correct backlog. The whole machine meets the requirements of GMP.

Technical Parameters:

Model	SPJ-5
Bottle Shape	Round, Flat, Square
Plastic Bottle Size	Width 20-90 mm, Height 50-360 mm
Production Capacity	3000-12000 bottles/hour
Accuracy	> 99.9%
Air Pressure	0.4-0.6 Mpa
Air Consumption	0.5 M3/hour
Power	220V, 50Hz, 0.8 Kw
Packing Size	2300*1400*1300 mm
Packing Weight	600 Kg
