

Automatic Sachet 3 In 1 Coffee Powder Packing Machine TJ-240F

The pneumatic circuit control and the circuit control electric box are separated independently, the noise is small, and the circuit is more stable.

Double-belt servo film: The film has less resistance, the bag is well formed, more beautiful, and the belt is not easy to wear.

Automatic Sachet 3 In 1 Coffee Powder Packing Machine inspection

1. The production and testing of the Automatic Sachet 3 In 1 Coffee Powder Packing Machine have quality inspection records and test data, and then boxed after the qualification, the machine configuration: packaging machine host + measuring cup meter + automatic feeding machine + finished product conveyor
2. The testing of the performance of the Automatic Sachet 3 In 1 Coffee Powder Packing Machine, we sincerely invite users to visit the site, and the whole process of the product, full performance inspection, after the product is confirmed and then shipped.
3. In order to ensure the high reliability of the Automatic Sachet 3 In 1 Coffee Powder Packing Machine, the selection of the machine is based on international standards. Under the same competitive conditions, our company does not reduce the technical performance of the product and change the parts of the product. Provided to your company

Technical Parameter:

Model	TJ-240F
Packing speed	30-60 bags/min
Making bag size	W:20-140mm L:30-170mm
Packing volume	No more than 15g
Voltage	220V
Overall dimension	250kg
Weight	750x850x1750mm
