

ZONESUN[®]

ZS-GFK17C Automatic Filling Machine

Advantage

- This machine is in small size and made of stainless steel which make the machine is durable and offer long-term service
- It is easy to operate and multifunctional, it can work in manual mode or automatic mode, it can be used as one part of production line
- The filling amount can be adjusted from 5ml to 4000ml, and the filling amount can be controlled by time, this is easy to operate
- Controlled by monolithic system, the machine works stably
- The nozzle is in anti-drip design, make the machine fills accurately
- With automatic counting function, effectively control the number of filling.

Main Feature

- Can be control the manual model, foot pedal switch, also can adjust the cycling time
- This machine is designed for filling shampoo, body wash, laundry detergent etc. It can also be used for most liquid filling like water, perfume.

Technical Parameters:

- Voltage Power: 110V--220V 50/60HZ 500W
- Maximum Runoff: 40000ml/M(Water)
- Filling Range: 50ml- 40000ml
- Optimal Filling Range: 50ml-40000ml
- Filling Precision: + 1%
- Control Method: Manual and Automatic
- Dimension: 360x360x220mm
- Weight:18Kg
