

## *SFFS Plastic Ampoule Filling Sealing Machine*

SFFS Plastic Ampoule Filling Sealing Machine is applicable for liquid, sticky, semi-sticky and so on. This machine is widely used in pharmaceuticals, food, health care products, cosmetic and etc.

### **Features:**

- PLC control, speed adjustable;
- HMI, easy and clear;
- High speed and high precision high-end motion system;
- Filling nozzles, no drip, no leak, no bubble and no overflow;
- Famous pneumatic and electronic components;
- Liquid contacting parts are made of high quality stainless steel in compliance with GMP design;
- High accuracy filling, peristaltic pump filling and mechanical filling are optional.

**Technical Parameters:**

Model	SFFS240-P5	SFFS240-P10	SFFS240-P15
Max. forming depth	12mm	12mm	12mm
Punch frequency	0-25 times	180-250 times/single punch	25times / 22000pcs/h
Packing material	PVC/PE, PET/PE	PET/PE, PVC/PE, PVE/EVOH	PET/PE, PVC/PE, PVE/EVOH
Filling volume	1-50ml	1-100ml	1-100ml
Power	7KW	22KW	22KW
Voltage	380V/50Hz	380V/50Hz	380V/50Hz
Weight	1200Kg	2000Kg	3000Kg
Dimensions (L*W*H)	3200×850×1400(mm)	5200×1050×1800(mm)	7300×1050×1800(mm)
