

LSP-A/B Vertical Capsule Polishing Machine

This model is an intermittent motion and hole plate type filling full automatic capsule filling equipment.

Technical Parameters:

Model:LSP-A(Single)		Model:LSP-B (Double)	
Weight	100kg	Weight	100 kg
Dimensions	750×700×1450 mm	Dimensions	750×700×1450 mm
Power Supply	380V 50Hz	Power Supply	380V 50Hz
Power	0. 65 KW	Power	0. 65 KW
Air pressure	≥0.3 Mpa	Air pressure	≥0.3 Mpa
Air Consumption	22m³/h	Air Consumption	44m³/h
Production capacity	300000 capsules/ hour(1# capsule)	Production capacity	600000 capsules/ hour(1# capsule)
Applicable models	NJP-3800 NJP-2500	Applicable models	NJP-7500 NJP-5600
