

SLY Series Lifting Feeder

SLY Series Lifting Feeder fix to promote to add the main application of machine in the system medicine the business enterprise`s powder, grain etc. solid promoting of material with add. It can with the admixture machine, make a craft process for machine, pressing first slice machine, capsule filling machine waiting the main craft equipments the kit the usage, can producing, and availably reduced to cross pollution and powder, alleviated the labor strength, and the material is not layering. It`s an ideal material that system medicine the business enterprise realizes to match the GMP to produce to transport the equipments. At the same time in the chemical engineering, work, food...etc. profession inside as well contain extensive use.

Technical Parameters:

Model	SLY50	SLY100	SLY150	SLY200
Max. Loading	50 Kg	100 Kg	150 Kg	200 Kg
Max. Lifting Height	1800 mm	1800 mm	1800 mm	1800 mm
Loading Distance	425 mm	435 mm	435 mm	435 mm
Power	380V/50Hz/0.75Kw	380V/50Hz/1.5Kw	380V/50Hz/1.5Kw	380V/50Hz/2.2Kw
Packing Size (mm)	1420×670×1970	1675×770×1970	1755×770×1970	1820×820×1970
Packing Weight	350 Kg	450 Kg	550 Kg	750 Kg
