

ZVF-620 Milk Powder Packing Machine

The machine is suitable for packaging powdery product, for instance, milk powder, monosodium glutamate, solid beverage, icing sugar, dextrose, feed, coffee, solid medicament, powdery & grainy additive, dye, etc.

Features

1. More than 20 languages can be chose, parameter and function setting convenient with touch screen.
2. PLC intelligent control system, operation more steady without stopping machine.
3. Double frequency converter control, bag length can be set and cut at one step, saving time and film.
4. Self-diagnose function, all the fault will be display on the screen, easy to maintenance.
5. High sensitivity photoelectric eye color tracing, number input of bag size, cutting position accurate.
6. Temperature independent PLC control, more suitable for packing different materials.
7. Positioned stop function, without sticking knife or wasting film.
8. Simple driving system, reliable working, convenient maintenance.
9. All control is realized through software, easy for function adjusting and technical updating.

Technical Specifications

Model	ZVF-620
Metering mode	Multi head scale
Bag Size	L240/300/400mm-W180/220/250/290mm
Air consumption	6kg/cm ² 2.5m ³ /min
Filling weight	200-500g 500-2000g
Packing accuracy	Packing weight≤100g deviaton≤±1g> 100g deviaton≤±1%
Packing speed	25-60Bag / min
Sealing type	Back seal
Voltage	380V/220V 50-60HZ
Power	4kw
Weight	650/750/800kg/900KG
Volume of the whole machine	2200×900×2400mm
