

DK-260B/260D/260E/260S Cookies Filling Machine

Features

1. Double frequency conversion control or double servo control, bag length is set and cut immediately, no need to adjust the empty running, one step is in place, saving time and film.
2. Using PLC man-machine interface control, parameter setting is convenient and quick.
3. The fault self-diagnosis function, the fault display is clear at a glance.
4. High-sensitivity photoelectric eye color mark tracking, digital input of the sealing and cutting position, so that the sealing and cutting position is more accurate.
5. Independent PID control of temperature, more suitable for various packaging materials.
6. Positioned stop function, no sticking to the knife, no wasting of film.
7. The transmission system is simple, the work is more reliable, and the maintenance is more convenient.
8. All control is realized by software, which is convenient for function adjustment and technical upgrade.

Technical Parameters

| Model | DK-260B | DK-260D | DK-260E | DK-260S |
|----------------|---------------------------------------|----------------|----------------|----------------|
| Film width | Max.260mm | | Max.180mm | |
| Bag length | 65-190or120-280mm | 90-230mm | 50-115mm | 45-90mm |
| Bag width | 30-110mm | | 30-80mm | |
| Product height | Max.40mm | Max.55mm | Max.35mm | |
| Film dia | Max.260mm | | | |
| Packing speed | 40-250 bag/min | | 60-330 bag/min | |
| voltage | 220V 50/60Hz 2.4kw | | | |
| Machine size | (L)3770X(W)670X(H)1450mm | | | |
| Machine weight | About 700kg | | | |
| <i>Note</i> | <i>Other demand can be customized</i> | | | |
