

SH-WB04 4 Heads Industrial Automatic Rinsing Air Glass Plastic Bottle Jet Blowing Inside Dust Washer Cleaning Machine

Main Feature

- ▶ This machine is used to clean the inside of the bottle before filling.
- ▶ This powerful machine thoroughly cleans bottles of all shapes and sizes with a precisely controlled air flow.
- ▶ With four independent heads maximize productivity, significantly increase cleaning power and reduce processing time.

Parameter

- Model: SH-WB04
- Voltage: 220V/110V 50-60Hz
- Power: 1.5kW
- Working Speed: About 25-30 bottles/min(dependent on bottle size)
- Bottle Opening Diameter: Can be customized
- Air Pressure: 0.4-0.6MPa
- Package Size: About 1900*1460*2150mm/ 74.8*57.5*84.6 inch
- Package Weight: About 520kg
