

JS-200F Automatic Right Angle Label Cigarette Tobacco Wine Bottle Tax Stamp Labeling Machine

The tax stamp labeling machine is used to apply tax stamps to products such as tobacco, alcohol, and pharmaceuticals.

Description

The tax stamp labeling machine applies right angle label to products like:

1. Tax label on liquor bottle labeling.
2. Security seal labeling for cosmetic box.
3. Security seal for cigarette case labeling Tax stamp.
4. Tax stamp shape label applicator for food box.
5. Box bottle L shape labeling.

Feature

1. The machine is made of 304 stainless steel and aluminum alloy, which is corrosion-resistant and has a long service life.
2. The whole machine adopts the brand servo control system, and the machine runs smoothly and at high speed.
3. Setting parameters through the touch screen, simple operation, complete functions, and rich online help functions.
4. The speed of conveying and automatic labeling is tracked synchronously, which makes the adjustment operation faster and easier.

5. Automatic induction detection, automatic shutdown alarm and automatic detection function for labels, effectively reducing the waste of labels.

6. Optional configuration (ribbon printer) can print the production date and batch number online, reducing the box packaging process and improving production efficiency.

Specification

Packing Speed	50-60 pieces/min
Labeling Accuracy	±1mm
Applicable Product Size	L: 80~150mm, W: 15-60mm, H: 15-50mm
Applicable Label Size	43*18mm
Applicable Product Diameter	Φ30-100mm(customized)
Machine Size	1900(L)*700(W)*1200(H)mm
Voltage	220V, 50Hz
Power	2Kw
Machine Weight	350KG
