

CM-CB2000 Labeling machine

Labeling machines are applied to various operations such as sticking a label on plane, post surface, single side or multi-sides of a package, sticking labels covering part or all of the surface of a cylinder, or sticking on sunken locations and at edges or corners.

We can offer simple and economical solutions in China according to your requirements.

This model is used for labeling container on top surface or side surface (please indicate when order)

Technical Parameters:

Model	CM-CB2000
Power supply	1P 220V 50/60HZ 100W
Air pressure	2-5kg/cm2
Applicable container range	L(20-300)mmxW(15-120)mm, customizable for special requirement
Applicable material	adhesive sticker
Applicable label range	L(15-300)mmx H(10-120)mm (>120mm, need written notice), customizable for special requirement
Space between labels	≥3mm
Label scroll	Inner dia ϕ 76mm, Outer dia ϕ 280mm
Direction of label scroll	clockwise
Labeling speed	15m/min
Labeling precision	< \pm 2mm(except container error)
Machine dimension	L700mmxW700mmxH1650mm
Machine weight	150kg
