

## Strip De-Foiler Machine

De-foiler is one of the small but needful machines. It is ideal for recovering the tablets, Hard Shell capsule from the rejected & unsealed strips without any damage and such recovered Tablets/Capsules can be replaced on strip packing machine.

### About Machine

De-foiler is self contained, portable machine. The machine is fitted with a series of SS groove pressure roller, which are driven machine by spur gears. That holds the strip and gradual increase in width of the roller Tablet/ Capsule are pushed out of the pocket, the slitters & foil guides are easily and quickly adjustable according to the strip to be feed. A SS Chute is provided to collect the tablets/ capsule, which are separated from the rejected foil strip. The design is such that the tablets/ capsule and De-Foiled strip are collected separately. A rotary reversible switch is provided to operate the machine in reverse direction to clear the jamming of strip. The machine is fully guarded for operators' safety.

### Innovative Features:

- ✓ GMP & cGMP design
- ✓ Super tight finish
- ✓ Bio safe Toxicology Tested
- ✓ Calibrated & Certified as per International Standards
- ✓ Available in S.S 316 and S.S. 304 Quality
- ✓ Available in sizes ranging from 45mm to 90 mm.
- ✓ Import Substitute Designs

**Technical Detail:**

Over all Dimensions	32" X 22" X 26"
Weight	95 Kgs
Gross Weight	115 Kgs
Speed (R.P.M.)	1440 RPM
Electric Motor	0.5HP, 50 Hz, 415 volts
Capacity	45 to 90mm width
Power Supply	3 phase or Single Phase, 440V/240V A. C.
Output	300 to 1800 Tablets/hr Approx depend upon strip size
