

GLF-2100 Automatic Induction Aluminum Foil Sealing Machine

Feature:

1. Digital display for working voltage and current, clear and intuitive
2. Over-voltage, over-current automatic protection, safe and reliable
3. Integrated, air cooling, excellent sealing effect, stable performance
4. Can used in production line or work independently
5. Full stainless steel with surface finishing and special treatment which ensure good quality and artistic appearance

Application:

- 1) Sealing for PET bottles, PP bottles, PVC bottles, PE bottles, HDPE bottles, ABS bottles, PS bottles, plastic bottles, glass bottles, etc
- 2) Widely used in cosmetic, drinks, chemical, medical, food industry etc, which can highly improve productivity and product quality.

Technical Data:

Rated Voltage	220V, 50/60Hz		N.W. / G.W.	62KG / 75KG
Max. Power	2100w		Cooling mode	Air-cooling
Seal Dia.(optional)	15-65mm	50-121mm	Sealing speed	150-280bpm
Application	Mass production		Working mode	Work continuously
Main machine size	60*40*120cm		Appearance	Stainless steel
Packing size	140*47*130cm		Bottle height	20-400mm
