

Automatic Adhesive Round Bottle Labeling Machine (ARL-2UD)

This labeling machine is suitable for foodstuff, daily chemical, pharmaceutical, pesticide and other lines. For rectangle bottle, oval bottle with double sides labeling or single side labeling. Automatically controlled by computer (PLC), touch screen control panel, easily operation. No bottle no labeling. Meanwhile it can save ten group labeling parameters. Change different specifications of bottles for labeling fast.

It adopts servo motor to realize closed type controlling, low malfunction rate, high efficiency as well as fast speed. All parts which contact materials are made of good quality stainless steel and meet GMP standard.

- 1) This labeler is full- automatic and can label on any shape bottles: single-side labeling and double-sides.
- 2) Widely used in medicine, daily chemicals and cosmetic, food and beverages industries.
- 3) Equipped with PLC control system and Touch Screen Control. The machine automatically stop running when no label and no product.
- 4) Photoelectric detecting make labeling in high speed and high accuracy.
- 5) Have a very good labeling effect, no crumple and no bubble.
- 6) Used high class of stainless steel and aluminum alloy, the whole machine structure has high strength and good appearance.

Technical Parameters:

Model	ARL-2UD
Voltage	110/220V 50/60HZ
Power	2KW
Capacity	40-100CS/MIN
Bottle of Diameter	60-200PCS/MIN60-200PCS/MINM
Bottle of Height	95MM
Label of Width	40MM
Label of Height	100MM
Labeling Precision	±0.5MM
Scroll Inner Diameter	76MM,250MM
Transportation Direction	RIGHT →LEFT OR LEFT →RIGHT
Dimension	2400X1450X1360MM
Weight	350KGS
