

## CCE-400F Automatic Vertical Powder Packing Machine

The machine is suitable for food, chemical, pharmaceutical and other powder materials such as milk powder, mask powder, oatmeal, sesame powder, bone powder, coffee powder, sugar, spices, laundry powder and a variety of granules

### Description

- Reasonable design, simple, structure.
- Use the screw type metering feeding device, meet the requirements of GMP standard.
- PLC Programmable, touch screen control, easy to operate and use.
- Optical positioning, accurate to make bags

### Technical Parameters:

Weighing Range	5-200g
Working Speed	15-60bags/min
Bag pattern	Back sealing,3 side sealing
Bag size	W:30-150mm L:50-180mm
Packing material	OPP/CPP PET/PE PET-AL/PE
Air consumption	0.6m <sup>3</sup> /min 0.8Mpa
Power supply	AC220V/380V 50Hz/60Hz 2.5kw
Film width	60-320mm
Film thickness	0.04-0.08mm
Machine Weight	350kgs
Dimension	1100*1050*1650mm
