

Box Cellophane Packing Machine

This machine is mainly suitable for pharmaceutical, food, health care products, cosmetics, audio-visual products, industry square appearance decoration items in a box, etc. Such as PCS, chewing gum, health care products, tea, sugar, condoms, rubber, mosquito-repellent incense, tape, VCD discs (CD), playing CARDS, transparent soap, square type battery, floppy disk, etc have the effect of the anti-counterfeiting, moisture, and improve the grade of products, increase product added value. This machine with cartoning machine joint production.

Characteristic:

1. Compact structure and reasonable, stable performance is advanced, easy operation and maintenance;
2. Adopt multi-function digital frequency inverter, stepless variable speed;
3. Only 40 minutes mould replacement is convenient;
4. With automatic feeder, automatic counting, etc;
5. The transmission part is equipped with all kinds of protection devices and fault prompt;
6. Commissioning film feeding clutch, no waste of packing materials.

Technical parameters:

Capacity	30-50/min
Packaging materials	BOPP the gold thread smoke membrane and anti-counterfeiting
Packing size	L50-150mm W20-80mm H10-40mm
Machine size	2100*750*1550mm
Weight	500kg
Power	4.5kw
Voltage	220V/(50Hz)
