

GZPTS700 Series of High-Speed Double-Slide Tablet Press Machine

GZPTS700 series double Slides high speed tablet press machine, With advanced modular design concept, simple structure, easy maintenance. The combination of innovative technology and intelligent control makes the machine more powerful, fast production speed, low working noise, stable and reliable operation. It not only improves the production quality of drugs, but also reduces the loss of raw materials, which is the best choice for pharmaceutical enterprises to carry out production technology transformation and new projects.
