

Flour Automatic Pouch Packing Machine ZT8-2000

This packaging line consists of one set of auger filling machine, one set of main flour paper bag packaging machine, one set of controlling case, one set of stacking system and one set of heat shrink packaging machine.

Functions: Flour measuring---bag opening&filling---bag clamping---cutting---bag top side folding---gluing---output---arraying---heat shrinking---output

Specifications:

MODEL	ZT8-2000
Fill Range	1-2kg/bag
Packing Speed	6-22bags/min
Accuracy	±1%
Power Consumption	7kw
Negative Pressure	-0.8kpa
Compressed Air	≥0.6MPa
Filling	width:80-110mm; high:250-350mm
Bag Size	70-80mm(W); 80-110mm(H); 250-350mm(L)
Overall Size	5500*4200*2750mm
Machine Weight	5500KG
