SPM-200MH/SPM-400MH/SPM-600MH Pyramid Tea Bag Packaging Machine

Our pyramid tea bag packaging machine are designed for pyramid/rectangular tea bag packaging, the multi heads electronic scales filling system is widely applied to all kinds of regular and irregular materials like loose tea leaves, rooibos tea, herbal tea, flower tea, fruit tea and blending tea, etc.

Features

- This unit can perform either three sides sealing and triangle teabag (switchable).
- The precision volumetric metering way very easily in the transformation of filling material. Electronic scale metering can be collocated according to the material.
- Adopts 2 ultrasonic sealing devices, reducing sealing width, reducing material waste.
- The process of bag making, measuring, filling, sealing, cutting and counting can be done automatically. It can make the inner and outer bag at the same time, which highly improve the working efficiency and reduce labor expenses.
- The packing capacity, the size of the inner bag, the outer bag can be easily adjusted according to different requirements.
- The machine body and all components in direct contact with products are made of SUS304 stainless steel, ensuring hygiene production.

Specifications:

Model	SPM-200MH	SPM-400MH	SPM-600MH
Machine's Material	Stainless Steel 304 (SS304)		
Voltage	220V 50-60Hz (Customizable)		
Machine Speed	20-40 bags/minute	40-60 bags/minute	50-80 bags/minute
Bag Size Range	L:60-80mm		
	W:40-80mm		
Power	220V 50-60Hz (Customizable)		
Packaging Material	Nylon, Polyester net non-woven fabrics, Ultrasonic sealing materials		
Air supply requirement	1m ³ /min		
Machine Size	780x940x1800mm	1180x950x1710mm	1180x950x1710mm
