Standard Check Weigher

Standard Check Weigher can handle various packaging forms, including bulk paper bags, plastic bags, cartons, metal film packaging and so on. The maximum conveying speed is 55 m/min.

Features:

●Intelligent construction.
●Auto program setting for easy operation.
●Production records in details.
●PLC control system with industry touch screen panel.
●Quick Release design.

Parameter:

Model	Standard Check Weigher
Weighing Range	5-6000g
Accuracy	XIII(1)
Max.Belt Speed	40-55m/min
Max.Speed	70-100 PCS
Belt width	150-400mm
Belt Size	350(L)*160(W)mm
Power Requirements	220V / 500W / 50/60Hz
Packing Dimension(mm)	1250(L)*570(W)
	*1150(H)
Reject Method	Air blowing/Air-reject/Pneumatic pusher/Slide type
