

WP-L3 Noodle Sauce Packing Machine

Automatic Liquid paste packaging machine adopt high quality 304 stainless steel material, has a good polishing performance, big appearance quality, resistance to corrosion, heat resistance.

Main features:

1. Different metering pump for different kinds of liquid. High accuracy and easy operation.
2. CPU intelligent single chip computer system for efficient running.
3. Step motor for film drag structure, smooth film running and accurate bag cutting.
4. HMI touch screen, easy operation and multiple language for choice.
5. Separate PID temperature controller, suitable for various packing materials.
6. Articulated bag former structure, enable stable bag forming for perfect bag shape.
7. Sophisticated sealing framework achieve the consistency of bag sealing and cutting.
8. Machine automatically finish the process of filling, metering, bag forming, sealing and packing.
9. Machine is simple operation, holding small space and easy moving.

Product Specification:

Model	WP-L3
Machine speed	30-70 bags /min
Bag size	(Length)30-160 mm (Width) 30-50 mm
Suitable packing film material	laminated film or paper-plastic film
Net Weight	180kg
Bag Type	3 or 4sealing
Voltage	AC220V Single-phase 50HZ
