

Vertical Automatic Powder Packing Machine

Powder Packing Machine require limited operator intervention. The operator need only replenish product by loading supply hoppers, changing packaging film and bag former.

- 1: Made of stainless steel, rust and durable, easy operation and maintenance.
- 2: Controller by PLC, operate by touch screen, driving by stepper motor control.
- 3: Film moving very smooth and have serson tracking, shape of bag, dimension of bag is very well.
- 4: Horizontal and vertical sealing temperature can adjustable, better for lof of packaging film.
- 5: From filling, bagging, printing date, inflatable (exhaust) one-time completion.

Application:

Packing Machine with Auger Filler is ideal for small dosing powder products (milk powder, coffee powder, flour, spice, curry powder, ect).

Technical Parameter:

Bag Length	80-240mm(L)
Bag Width	50-150mm(W)
Film Width	320mm
Packing Speed	5-70 bags/min
Volume	Max 1000ML
Air Pressure	0.6mpa
Air Consumption	0.5m ³ /min
Voltage	220V
VFFS Dimension	1185x935x1245 LxWxH MM
Weight	350KG
