

## *XS-F5 Automatic Quantify powder packing machine*

This machine is suitable for powder, package for particle, high precision, human packing, auto – weighting, auto-clip bag, auto-seal, total machine is made of stainless steel, suitable for heavy package, package weight and total height can be made according to you needs.

### **Technical Parameters:**

<b>Model</b>	<b>XS-F5</b>
Way of fill	Double screw feed or vibration feed
Packaging weight	5 – 25kg, 10-50kg
Packaging accuracy	±0.2%
Packaging speed	≤5bags/min
Power supply	380V/50Hz
Air Supply	6kg/cm <sup>2</sup> 0.2m <sup>3</sup> /min
Total Power	1.2kw
Dimension	3000(variable depending on the conveyor)×1600×2100mm
