

## GZPK370 High Speed Rotary Tablet Press

High quality machines are based on advanced and reasonable design. New design GZPK370 series high speed tablet press is developed on the basis of years manufacture expertise with it's excellent standardization and modularity in series.

### Parameter

| Product                       | GZPK370-26    | GZPK370-32    | GZPK370-40    | GZPK370-55    |
|-------------------------------|---------------|---------------|---------------|---------------|
| Quantity of Punch & Die (set) | 26            | 32            | 40            | 50            |
| Tooling Type                  | D             | B             | BB            | TF            |
| Main Pre-pressure (kn)        | 30            | 30            | 30            | 30            |
| Max. Pressure (kn)            | 100           | 100           | 100           | 100           |
| Max. Dia. of Tablet (mm)      | 25            | 18            | 13            | 10            |
| Max. Thickness of Tablet (mm) | 10            | 10            | 10            | 10            |
| Max. Depth of Filling (mm)    | 20            | 20            | 20            | 20            |
| Middle Die Diameter (mm)      | 38.1          | 30.16         | 24            | 19            |
| Punch diameter (mm)           | 25.35         | 19            | 19            | 16            |
| Rotation Speed (r/min)        | 110           | 110           | 110           | 110           |
| Production Capacity (pcs/h)   | 171600        | 211200        | 264000        | 325000        |
| Voltage (v/hz)                | 380/50        | 380/50        | 380/50        | 380/50        |
| Motor Power (kw)              | 4             | 4             | 4             | 4             |
| Outside Size (mm)             | 820×1100×1750 | 820×1100×1750 | 820×1100×1750 | 820×1100×1750 |
| Weight (kg)                   | 1600          | 1600          | 1600          | 1600          |
