

FL6040+BSE-6040 Automatic PE Film Shrink Wrapping Machine For Beer Juice Water Bottles

Products Description

- FL6040 is automatic film sealer adopts straight into and out design. Especially suitable for carton or larger items collection or single shrink wrapping.
 - Sealing knife uses the special steel knife with Daikin Teflon which is anti-stick coating & anti-high temperature. So the sealing will not have cracking, coking and smoking.
 - Imported photoelectric sensor, positioning accuracy, fast response.
 - Adopt Panasonic PLC programmable controller and WEINVIEW 7-inch man machine interface, simple operation.
 - The user-friendly control box makes the operation much easier.
 - Equipped with pressure device makes sure the position is stable even for the light product during the procession.
 - The sealing blade itself is also equipped with automatic protection function which effectively prevent from accidental cutting.
 - The entire machine realizes unmanned operation with the production line connecting.
 - Automatic mode and manual mode can be switched at any time which convenient to replace the shrink film.
-
- BS6040 automatic shrink wrapping machine for beer juice water bottles adopts hot air circulation motor makes the hot air in the tunnel is even, constant temperature.
 - The chain conveyor made of solid steel covered with imported durable silicone tube.
 - Using imported conveyor motor and frequency inverter controls transmission speed to achieved step less speed regulating.
 - The separate control box makes sure the electrical components with good ventilation.
 - With cold wind equipment which play an effective role in cooling.

Technical Parameters

Model	FL6040
	Film sealing machine
Voltage	110,22
Power	1.5kw
Max sealing size	500*400mm
Air pressure	0.5-0.7Mpa
Work table height	850±50mm
Sealing temp	0-200°C
Packing speed	5-8
Machine weight	350kg
Machine size	1040*925*1920mm

Model	BSE-6040
	PE Film shrink wrapping machine
Voltage	220V /380V
Power	28kw
Convey speed	0-10m/min
Shrink tunnel	1800*600*400mm
Loading	30kg max
Shrink film	PE POF PVC
Machine weight	380kg
Machine size	2800*850*1760mm
