## *SH-TB822T Automatic 2 Label Structures Double Sides Wine Round Bottle Label Applicator Positioning And Labeling Machine*

### **Main Feature**

- ▶ This labeling machine has two labeling structures, suitable for double-side labeling for round bottles. Also suitable for single-side and wrap-around labeling.
- ▶ Machine can work with a date coder to print production date or batch.

### **Parameter**

- Voltage: 220V/110V 50-60HZ
- Power: 4500W
- Labeling Speed: About 20-30 pcs/min (depending on product and label size)
- Labeling Accuracy:  $\pm 1$ mm
- Suitable Bottle Size: Diameter:  $\phi 25$ mm- $\phi 100$ mm\* Height: 25mm-300mm
- Label Size: Width: 20mm-290mm\* Height: 20mm-160mm
- Label Roll Inner Diameter:  $\Phi 76$ mm
- Label Roll Outer Diameter:  $\leq 300$ mm
- Machine Size: About 2844\*987\*1400mm/ About 112\*38.9\*55.1 inch
