

Turn Table (Scrambler & Un Scrambler) GTT series

Stainless steel scrambler & Un-scrambler, which is familiar as turn table. This is built on SS Square frame, solid guide rail & reduction gear box for jerk less & noiseless performance. Turntable is useful to ensure total synchronization, uniform flow of container and to take a turn at 90 degree to suit different machine and purpose in automatic liquid line.

Operation:

Container inputs in turn table by manually or automatic will rotate on disk of turn table and exit through outlet, during rotation of container will be guided by a SS strip, which will guide the container towards outlet path.

Technical Specification:

Model	GTT-30	GTT-36	GTT-42
Direction	Clockwise / Anti clock wise as per requirement	Clockwise / Anti clock wise as per requirement	Clockwise / Anti clock wise as per requirement
RPM of Disk	4/5/6 through step pulley	4/5/6 through step pulley	4/5/6 through step pulley
Power Characteristics**	0.5 HP/220 V/50 Hz	0.5 HP/220 V/50 Hz	0.5 HP/220 V/50 Hz
Height of Disk**	860 mm to 910 mm	860 mm to 910 mm	860 mm to 910 mm
Machine Dimensions**	780 x 780 x 1160	925 x 925 x 1160	1076 x 1076 x 1160

** We can supply as per customer requirements

Salient Features:

- Construction AISI S.S. 304 Quality.
- Three step pulley for different speed.
- Special self-aligned bearings ensure smooth and trouble free operation.
- Suitable for different type of container.
- S.S. Elegantly Matt Finished Body.
- Reduction gears ensure jerk free and noiseless operation.
- Matt Finished body.
