

Low Level Palletizer Machine SFA-3137-S20/S30/S40

Features:

- Designed for stacking various types of carton, box and plastic basket.
- Human-Computer Interaction Design
- Carton stacking quantity and layers can be set on the control panel.
- All moving parts are equipped with grease nozzles for convenient lubrication and maintenance.
- Low Level Construction allows for convenient repairing.
- Applicable product: Well packed products in Carton, box and plastic basket.

System Advantages:

- High operational safety due to robust standard construction
- Economical continuous operation due to high degree of availability
- Short changeover times for product changes
- Easy operation
- Low maintenance

Specifications:

MODEL	SFA-3137-S20	SFA-3137-S30	SFA-3137-S40
Power Source	According to Installation Place, Local Electricity Sources		
Power Capacity	12 kw		
Air Pressure	5.0 ~ 7.0 kg / cm ²		
Air Flow Consumption	200 L / min		

Machine Dimensions	L : 6272 mm x W : 5184 mm x H : 3386 mm		
Machine Weight	4200 kg		
Processing Capacity	20 ~ 25 cartons / min	30 ~ 33 cartons / min	38 ~ 43 cartons / min
Operation Control	English / Chinese Display System		
Suitable Processing Package	Plastic plate, wooden plate and paper pallet.
