

Dust Extractor

Legend Dust Extractor is available in 150 & 300 CFM suction capacity. Its advanced design ensures Minimum wear & tear of tabulating machine with improved machine efficiency. Dust hazards and cross contamination can also be easily avoided in tablet compression machine.

Salient features:

- Models are available in 150 & 300 CFM suction capacity.
- All contact parts, inlet manifolds and dust collection trays are S.S.304.
- Blower fan is dynamically balanced.
- Castor wheels provided for easy mobility.
- Dust hazards and cross contamination can be easily avoided in tablet compression machine.
- Minimum wear & tear of tableting machine with improved machine efficiency.
- Four inlet manifolds provided for Tablet Press Machine and De-dusting units.
