

Square Bottle Labeling Machine

Automatic Labeling machine with High accuracy and high speed, which widely use in pharmaceutical, beverage, food, cosmetic, medicine, daily chemical, cultural goods and other industries.

It's suitable for various kinds of bottles types and other products.

For example: Round bottle, Square bottle, Flat bottle, Curved bottle, Metal bottle, Cans,

Paper / Plastic bags, Paper / plastic boxes, etc.

Technical Parameter:

Applicable label size	L:20mm~205mm	Applicable round bottle size	L:20mm~250mm
	W:20mm~160mm		W:30mm~90mm
			H:60mm~280mm
Roll label outside diameter	φ280mm	Roll label inside diameter	φ76mm
Labeling accuracy	±1.0mm	Labeling capacity	stepper:5~19m/min; servo:5~40m/min.
		Labeling speed	
			stepper:30~160pcs/min; servo:40~180pcs/min.
Conveying speed	16m/min	Power	1100~1600W
Weight	about 330KG	Frequency	50HZ
		voltage	220V
Equipment size(L*W*H)	2200*1350*1500(mm)	Mpa	0.4~0.6Mpa
