

Double Side Sticker Labeling Machine BSP-LBS120

Technical feature

1. Wide range of application: it can not only realize single label Posting on the side (plane) of the square bottle/flat bottle (full bottle state), but also realize the function of circular positioning leaflet/double label Posting on the side of the round bottle.
2. Unique material sorting mechanism ensures reliable and effective material sorting when used online with the production line.
3. The unique corner of the bottle to ensure that three side cornr stickers flat, wrinkle-free.
4. Can be used alone, and can be used with the production line.

Technical Parameter:

Model.	BSP-LBS120
Yield capacity(bottle/min)	40-200 bottles/min
Standard label speed(m/min)	≤50
Label Qty	1 or 2pcs
Label accuracy	±1mm error
Applicable label specification	Glassine paper, transparent or opaque
Dimension (mm)	3000(L) × 1450(W) × 1680(H) (mm)
Label roll(inside) (mm)	76mm
Label roll(outside) (mm)	£300mm
Weight (kg)	250kg
Power (w)	2KW
Voltage	220V/380V, 50/60HZ, single/three phase
Relative temperature	0 ~ 50 °C
