It is made up of stainless steel and up to International Health standard. The machine is reliable and operates easily, few stoppages. It has a good reputation in home and abroad.

TECHNICAL SPECIFICATIONS:

Model	DXD-50Y
Filling Style	fluid pump measuring
Bags type	Three or four sealing square bag
Measuring range	0-50ml
Bag -making size	L40-150mm W 30-200mm
Packing speed	Max 75bags /min
Control way	Plc control +Chinese English
Outside case	Stainless steel
Power	Main engine 370w heating 720w
Voltage	AC 220v 50HZ
Weight	N/W 170KG G/W 200KG
Overall dimension	L750mm W700mm H1700mm
Packing material	Complex film
