

Automatic Cup Filling & Sealing Machine FST

FEATURES:

1. This machine is fully automatic from cup falling, filling lid loading, sealing and releasing, and completely pneumatic control with simple operation. The outer structure of machine is shielded with SUS304 stainless steel.
2. Sanitary, reliable, good-looking, truly wonder in the foods sector.
3. Cup washing device and UV aseptic and sterile device can be installed.
4. Human-device interface, computerized operation.
5. Mechanical release in a whole row.
6. Filling system can be matched with high-particle device.

APPLICATIONS:

Jelly, Pudding, Mineral water, Juice, Soups, Ice Cream, Snack, etc.

SPECIFICATIONS:

Model	FST-1	FST-2	FST-3	FST-4
Capacity (Cup/Min)	15~20	30~40	50~60	60~100
Air Compressor	2HP	3HP	5HP	7.5HP
Electric Power	AC 220V 1/2HP	AC 220V 1HP	AC 220V 1HP	AC 220V 5HP
Dimensions L x W x H (m/m)	2500x500 x1700	3000x600 x1700	3000x600 x1700	3500x700 x1700

Model	FST-6	FST-8	FST-10	FST-12
Capacity (Cup/Min)	100~120	140~160	180~200	200~240
Air Compressor	7.5HP	10HP	10HP	10HP
Electric Power	AC 220V 5HP	AC 220V 7.5HP	AC 220V 7.5HP	AC 220V 7.5HP
Dimensions L x W x H (m/m)	4000x800 x2000	4000x1000 x2000	4000x1200 x2000	4000x1500 x2000
