

## Automatic Auger Fillers with VFFS Packing Machine ATV-A

The automatic auger fillers with VFFS packing machine to make auto packing line.

### Main feature:

- 1) Full stainless steel structure insures excellent durability and sanitation.
- 2) Quick disconnecting hopper could be washed easily without tools.
- 3) Servomotor and driven control auger.
- 4) 10sets of products information can be pre-stored for easy operation.
- 5) By changing auger parts, it's suitable for material from super thin powder granule with different filling ranges.

Model	ATV-A
Construction	Stainless steel
Hopper	25L-50L
Filling range	10-2000g
Accuracy	1%±2%
Max.width of roll film	620mm
Bag width	70~300mm
Bag length	100~300mm
Bag Style	Pillow bag, Gusset bag
Film thickness	0.04~0.12mm
Air consumption	0.6M <sup>3</sup> /min, 0.6Mpa
Packing speed	20-60bags/min
Power	4kw
Voltage/Frequency	220v 50HZ
