

Full Automatic Pillow Cutting and Wrapping Machine (F-QB600)

Mainly applied for the nougat, milk candy, and square, cylindrical, rectangular shape candy.

Main Features:

- Frequency converter, automatic photocell tracking.
- Automatic cutting and wrapping in one machine.
- Easy for operation, maintenance, low error rate.
- Working smoothly with low noise, high tightness, high packing speed.
- Can directly connect to the rope size and production line.

Technical Parameters:

Packing Speed	50-500pcs/min
Finished bag saze	50mm-85mm
Total Power	4.6kw
Weight	1250kg
Outside Dimension	2250x900x1560mm (LWH)
Voltage	380V, 50HZ
Product Sape	Square, Rectangle, Cylindrical, etc.
Wrapping Material	OPP, CPP, PET Aluminium plating film, hot or colg sealing pasking film, etc.
