

## *Two Heads Weighing Filling Machine BS-X1-2L5*

### **Features of two heads Weighing filling machine:**

Two hoppers of high precision digital load cell. Microcomputer control system. Adopting the double vibration feeder. The technology is advanced and easy operation. The metering hopper discharge easily. Fast, simple and maintain.

### **Technical parameter:**

Type	BS-X1-2L5
Hopper volume	5L
Weighing accuracy	±1-5g
Weighing range	10-2000g
Weighing speed	30bag/min
Preset parameter	99 kinds
Displayer	7 inches touch screen
Options	Pattern Bulk Hopper/Collection Hopper/Feed Divider
Packing Dimension(mm)	1042(L)*956(W)*1395(H)mm
Power Requirement	AC110V/220V 50Hz/60Hz
Net weight	250Kg
