

## Vertical Type Cartoning Machine TM-F100ZL

This machine is a fully automatic vertical type opening up cartoning machine, which is applicable for coffee capsules, wash powder, chocolate, pet food, penicillin bottle, perfume bottle, etc. This cartoning machine is able to encase irregular bulk items that horizontal cartoning machine cannot do. Combined with the world advanced technology and our company's powerful design team, this machine has obtained many design patents. And it is favored by domestic and foreign companies.

### Technical Parameters:

Model	TM-F100ZL
Capacity	30-60 cartons/minute
Carton size	L (50-250) mm×W (20-150) mm×H (15-100) mm (Special specifications can be customized)
Paper quality of carton	250-350g/m <sup>3</sup>
Power	Three-phase 220/380v 50/60hz 3kw
Air supply	0.5-0.7 Mpa
Weight	800Kg
Drawing	2300mm×800×1900mm
