

JAW-650 Reciprocating Pillow Type Packing Machine for Food

Features:

1. Double frequency converter control, bag length that is cut, no need to adjust the empty walk, one step in place, save time and save the film.
2. Man-machine interface, parameter setting is convenient and quick.
3. Self diagnostic function, fault display at a glance.
4. High sensitivity photoelectric eye mark tracking, so that the cut position is more accurate.
5. Temperature independent PID control, better for all kinds of packaging materials.
6. Reciprocating end sealing mechanism, sealing more firmly, sealing die cutting tool without loss.
7. Angle end sealing device, a more beautiful, to enhance the grade of products.
8. Positioning stop function, no sticking knife, no waste of coating.
9. Drive system is simple, more reliable work, more convenient maintenance.
10. All control is realized by software, which is convenient for function adjustment and technical upgrading, and never falls behind.

Product Parameters:

Type	JAW-650
Film width	Max.600mm
Bag length	120~450mm
Bag width	50~280mm
Product height	10~120mm
Film roll diameter	Max.320mm
packing speed	20~80(Bag/min)
Power	220V,50/60HZ,3.6Kw
Machine size	(L)4380×(W)970×(H)1500mm
Machine quality	About 1160kg
Type of packing film	OPP/CPP, KOP/CPP, PET/PE etc
