

## *Drip Coffee Bag Filling Packing Machine XY-188-4Z*

The automatic drip coffee filling machine is mainly designed for filling disposable packaging of small or medium size bags. It can be widely used in coffee powder drip bag, tea bag, herbal tea bag, health tea roots bag, etc. The inner bag is made of degradable food packaging filter material with ready-made hanging ear, outer bag can help to ensure the fresh taste of the coffee powder or tea.

Ultrasonic sealing suitable for inner non-woven packaging material cutting, 100% sealing rate and tight sealing. Thermal sealing for outer plastic sealing.

This drip coffee bag packing machine is mainly used to pack coffee powder, coffee beans and small granular products.

High position accuracy, stable driving, precise dosage, and simple operation.

**Specification:**

<b>Model</b>	<b>XY-188-4Z</b>
Bag size	Inner bag: L 50-74mmX W 50-90mm
	Outer bag: L 85-120mmX W 75-100mm
Bag material	Inner bag: Non-woven fabric, nylon filter cloth, corn fiber
	Outer bag: Composite film, pure aluminum film, paper film, etc
Bag sealing method	Inner bag: ultrasonic sealing 3-side
	Outer bag: heat sealing 3-side
Speed	20-35 bag/min
Filling range	1-20g
Contact material part	ss304
Filling accuracy	≥99%
Air consumption	≥0.6m <sup>3</sup> /min
Power	3.7KW
Voltage	220V/1 Phase/50HZ Or customized
Dimension (LxWxH)	Approx. 1250*760*2350mm
Weight	Approx. 660kg
