

## Tray Sealing Machine

Tray Sealing Machine of automatic sealing machine is developed and customized by our company according to the packaging requirements of the industry. The whole machine has compact structure, reasonable design and layout, convenient operation and maintenance. Widely used in food, daily chemical, chemical, oil, ingredients, condiments, dried fruits and other industries, such as: fast food, chocolate, jam, coconut, bean paste, chili sauce, candy, puffed food, ink, baking cream, perm paste, desiccant and so on.

### Technical Data:

Model	Tray Sealing Machine
Capacity	5-10 pcs/min
Accuracy	< +-1.5mm
Power Supply	Three Phase 380V 50Hz / 220V 60Hz
Air Supply	0.6-0.8 MPa
Sealing Temperature	0-300 °C
Power	1.5 KW
Machine Weight	280kg
