DXDC15G Tea Bag Packing Machine

Model DXDC15G is our latest tea bag machine with complete stainless steel body/ heat sealable tag system (No glue)/ PLC control system/Touch screen display/Safety guard/Operating easily in one machine. This machine meet GMP standard for food and CE certification. It can pack granule materials in various industry.

Technical Data:

1. Patent for heat sealable tag system. (No glue tag system)
2. Filter paper width: 125mm and 140mm in one machine
3. A sensor monitor for jam teabag. Alarm warning stop when it detects a shortage of materials.
4. Empty tea bags reject device
5. New grouped tea bags output chute
6. Meet GMP standard and CE certification.
7. Provide Servo control for traction of envelope materials.
8. A sensing system that follows color mark automatically and ensures printing logo on a proper place
9. Provide the pneumatic vacuum feeder as a new system

Options:

1. Pneumatic vacuum feeder
2. Date printing device
3. Complete safety guard
4. New feeding system for herb.
5. Width filter paper for 140mm
6. Air compressor

Technical data:

Speed	105±5bag/min
Filter paper width:	125mm (140mm option)
Max.Dosage:	10 cm ³
Size of tea bag:	62.5×65 mm
Size of envelope:	75×82 mm
Size of tag:	24×26(Rectangle shape), 24×28(Octangle shape)
Thread length:	220 mm
Envelope materials:	Various materials (Plastic/Foil/P.E, Paper/P.E)
Voltage:	AC 380V/220V
Air pressure :	0.6MPa
Air consumption:	300L/min (with pneumatic vacuum feeder), 100L/min (without pneumatic vacuum feeder)
Overall dimension:	2840mm(L)×1222mm(W)×2250mm(H) (Without options size)
