YX-60A-C6 *Filling Sealing Machine*

YX-60A-C6 Filling Sealing Machine characteristics:

- Automatic cups falling.
- Multi-heads weighing filling.
- Film unwinding.
- Ribbon date coding function.
- Automatic position sealing.
- Automatic positioning cutting.
- Waste film collecting.
- Final product ejection.
- Delivery belt.

YX-60A-C6	
Packaging speed	60-80 cups per min
Product	Adjustable according to customer's samples: Plastic cups
Filing Volume	0g-500g Adjustable
Total power	10.5kw
Supply power	380V/50HZ (Three phases)
Air pressure	0.6-0.8Mpa
Air consumption	0.6 m ³ /min
Machine size	7200×1500×1850mm
