

Semi Tablet Capsule Counter and Filler YL-4Y/L-2Y/L-2A

This machine adopts high dust resistance electronic counting technology. It can count and pack tablets (including special-shaped tablets), hard capsules, soft capsules (transparent and opaque in various shapes), pills and other solid particles with a size range of 3-12 mm. It can be bottled, boxed and bagged. It fully complies with GMP requirements and is particularly suitable for research institutions, hospitals, newly established small pharmaceutical factories, and health care product factories.

Parameter

Model	YL-4	YL-2	YL-2A
Dimension	92x75x81cm	76x66x70cm	42.7x32.7x52.5cm
Voltage	110-220V 50Hz-60Hz	110-220V 50Hz-60Hz	110-220V 50Hz-60Hz
Net weight	85kg	50kg	35kg
Capacity	2000-3500 pieces/min	1000-1800 pieces/min	500-1500 pieces/min
