

## *Shrink Sleeve Cutting Machine BSF-6030XIII*

The most innovative and practical semiautomatic sleeve-wrapping machine able to package a wide range of products (bottles, vases, jars, pots, cans, phials, cases etc) and/or to protect boxes integrating and/or replacing the use of carton boxes at end-of-line with great management advantages.

### **Parameters:**

| Model                                       | BSF-6030XIII      |
|---------------------------------------------|-------------------|
| Voltage(V/Hz)                               | 380/50(3PH)       |
| Air Pressure Required (kg/cm <sup>3</sup> ) | 7.0               |
| Power (kw)                                  | 2                 |
| Packing speed (Trays/min)                   | 0-20              |
| Max Packing Size(L×W×H)(mm)                 | Unlimited×450×330 |
| Sealing &Cutting Size(L×H) (mm)             | 700×330           |
| Infeed Conveyor Heigh (mm)                  | 850±50            |
| Film Used                                   | PVC、 PE           |
| External Dimension (L×W×H)(mm)              | 1650×920×1895     |
| Net Weight (kg)                             | 450               |
