

XT-K20TX Automatic Carton Make-up Machine

Features:

- Equipment has excellent manufacturing technique and elegant appearance; Design meets the demands on production line technological process and plane arrangement.
- Low power and water consumption; simple and quick to operate, adjust and maintain.
- It has good safety self-protection function or mechanism, such as overload protection and safety gate,
- Alarming while there is not adhesive tape or cartons.
- Max. capacity of box-storing mechanism is 50 (relating to carton thickness) and can be supplied at any time.

Technology parameters:

Type	XT-K20TX
Name	Carton make-up machine
Min.carton size	L200*W200*H100mm
Max. carton size	L450*W400*H400mm
Sealing speed	0-10 cartons /min
Boundary size	L2000*W1900*H1450mm
Power supply	220/380V 50HZ
Air source	6kgf/cm ² 、450nl/min
Power consumption	Max. 0.4KW
Applicable adhesive tape	W48、60、75mm
Net weight	400KG
